Foundations of Quantum Computing

2–4 September 2026 · UCL School of Management, London

Day 1 — Wed 2 Sep

ACADEMIC

10.00–10.45	**Gerard Milburn** · STFC *The Irony Trap Quantum Computer*	FOUNDATIONS
10.45–11.30	**Léo Monbroussou** · Edinburgh *Subspace-Preserving Quantum Machine Learning*	MACHINE LEARNING
11.30–12.00	Coffee break	
12.00–12.30	Lightning talk session 1	
12.30–14.00	Lunch	
14.00–14.45	**Alexandru Baltag & Sonja Smets** · Amsterdam JOINT *Reasoning about Knowledge in the Quantum Domain*	QUANTUM LOGIC
14.45–15.30	Invited talk — to be confirmed	
15.30–16.00	Coffee break — early finish	
17.00 / 18.00	Inaugural Lecture (Bloomsbury) · Conference Dinner	

Day 2 — Thu 3 Sep

ACADEMIC

10.00–10.45	**Hilbert Kappen** · Radboud / Flatiron *Approximate inference for tensor networks using Generalized Belief Propagation*	TENSOR NETWORKS
10.45–11.30	**Andrew Green** · UCL *Tensor Networks for Quantum Software and Simulation*	TENSOR NETWORKS
11.30–12.00	Coffee break	
12.00–12.30	Lightning talk session 2	
12.30–14.00	Lunch	
14.00–14.45	**Bas Spitters** · Aarhus *Verifying categorical quantum computation*	CATEGORICAL QC
14.45–15.30	**Martha Lewis** · Amsterdam *Quantum-inspired Techniques for Compositional Generalization in Modelling Language and Vision*	CATEGORICAL QC
15.30–16.00	Coffee break	
16.00–17.00	Lightning talk session 3	

Day 3 — Fri 4 Sep

INDUSTRY

10.00–10.20	**Oleksiy Kondratyev** · SW7 / Imperial *Practical Applications of Quantum Machine Learning in Finance*	FINANCE
10.20–10.40	**Fern Watson & Charlie Markham** · FCA JOINT *Quantum Computing Applications in Financial Services*	FINANCE
10.40–11.00	Q&A / buffer	
11.00–11.30	Coffee break	
11.30–11.50	**Christoph Gorgulla & Mohammad Ghazi Vakili** · St. Jude / Toronto JOINT *Title TBC*	DRUG DISCOVERY
11.50–12.10	**Guillermo García-Pérez** · Algorithmiq *Quantum-Enabled Cancer Drug Discovery & Development*	DRUG DISCOVERY
12.10–12.30	Q&A / buffer	
12.30–14.00	Lunch & poster session	
14.00–14.20	**Esperanza Cuenca-Gómez** · NVIDIA *Accelerated Quantum Supercomputing*	MAKING PRACTICAL
14.20–14.40	**Alexis Ralli & Tim Weaving** · QMatter JOINT *Practical Quantum Computing: Compression, Co-Design, and a Path to Useful Applications*	MAKING PRACTICAL
14.40–15.00	Q&A / buffer	
15.00–17.00	Coffee & poster networking	
17.00–18.00	Goodbye drinks (if funds)
