

Foundations of Quantum Computing

2–4 September 2026 · UCL School of Management, London

Day 1 — Wed 2 Sep		ACADEMIC
10.00–10.45	Gerard Milburn · STFC <i>Title TBC</i>	QUANTUM CONTROL
10.45–11.30	Léo Monbroussou · Edinburgh <i>Subspace-Preserving Quantum Machine Learning</i>	MACHINE LEARNING
11.30–12.00	Coffee break	
12.00–12.30	Lightning talk session 1	
12.30–14.00	Lunch	
14.00–14.45	Alexandru Baltag & Sonja Smets · Amsterdam JOINT <i>Reasoning about Knowledge in the Quantum Domain</i>	QUANTUM LOGIC
14.45–15.30	Invited talk — to be confirmed	
15.30–16.00	Coffee break — early finish	
17.00 / 18.00	Inaugural Lecture (Bloomsbury) · Conference Dinner	

Day 2 — Thu 3 Sep		ACADEMIC
10.00–10.45	Hilbert Kappen · Radboud / Flatiron <i>Approximate inference for tensor networks using Generalized Belief Propagation</i>	TENSOR NETWORKS
10.45–11.30	Andrew Green · UCL <i>Tensor Networks for Quantum Software and Simulation</i>	TENSOR NETWORKS
11.30–12.00	Coffee break	
12.00–12.30	Lightning talk session 2	
12.30–14.00	Lunch	
14.00–14.45	Bas Spitters · Aarhus <i>Verifying categorical quantum computation</i>	CATEGORICAL QC
14.45–15.30	Martha Lewis · Amsterdam <i>Title TBC</i>	CATEGORICAL QC
15.30–16.00	Coffee break	
16.00–17.00	Lightning talk session 3	

Day 3 — Fri 4 Sep		INDUSTRY
10.00–10.20	Oleksiy Kondratyev · SW7 / Imperial <i>Practical Applications of Quantum Machine Learning in Finance</i>	FINANCE
10.20–10.40	Fern Watson & Charlie Markham · FCA JOINT <i>Quantum Computing Applications in Financial Services</i>	FINANCE
10.40–11.00	Q&A / buffer	
11.00–11.30	Coffee break	
11.30–11.50	Christoph Gorgulla & Mohammad Ghazi Vakili · St. Jude / Toronto JOINT <i>Title TBC</i>	DRUG DISCOVERY
11.50–12.10	Guillermo García-Pérez · Algorithmiq <i>Quantum-Enabled Cancer Drug Discovery & Development</i>	DRUG DISCOVERY
12.10–12.30	Q&A / buffer	
12.30–14.00	Lunch & poster session	
14.00–14.20	Esperanza Cuenca-Gómez · NVIDIA <i>Accelerated Quantum Supercomputing</i>	MAKING PRACTICAL
14.20–14.40	Alexis Ralli & Tim Weaving · QMatter JOINT <i>Practical Quantum Computing: Compression, Co-Design, and a Path to Useful Applications</i>	MAKING PRACTICAL
14.40–15.00	Q&A / buffer	
15.00–17.00	Coffee & poster networking	
17.00–18.00	Goodbye drinks (if funds)
